SBIR Phases

- Phase I feasibility; proof of concept
 - Total costs capped at \$306,872
 - Project Period: 6 months 1 year
 - Pilot data not required for Phase I; Absolutely required for Phase II
- Phase II full research and development (can include efficacy; effectiveness)
 - Total costs over two years capped at \$2,045,816
 - Project Period: 2 3 years
 - Commercialization plan is required
 - If applicable clinical trial, design study informed by pre-engagement with FDA

Pre-Notice of Award (NoA)

- Prior to review do not overpromise in the application
 - reviewers may be okay with overambition (e.g., sample size) but consider practicality
- Following review
 - wait for summary statement to be released
 - ask your program officer about funded scores based on recent history
 - if competitive, start lining up aspects of the project that could mitigate delays if awarded (e.g., IRB)

Notice of Award (NoA)

- Download NoA from eRA Commons;
- NoA is legally binding and establishes:
 - funding level
 - period of support
 - terms and conditions (e.g., human subjects)
 - NIH award contacts
 - Program Officer (PO)
 - Grants Management Specialist (GMS)

Research Performance Progress Reports (RPPR)

- RPPR documents accomplishments relative to terms of award
 - must be submitted electronically using the RPPR module in eRA Commons
- Questions include:
 - "What are the major goals of the project?"
 - paste specific aims from application
 - "Have the major goals changed since the initial competing award or previous report?"
 - prior approval is required for changes in scope (sample size; inclusion criteria; outcomes; methods)

RPPR cont.

- Additional questions include:
 - "What was accomplished under these goals?"
 - include graphs with data acquired, photographs of prototype
 - list any relevant publications in appropriate section (provide MyNCBI Public Access Compliance Report)
 - "What do you plan to do during the next reporting period to accomplish these goals?"
- Click this <u>link</u> for the OER RPPR webpage
- Engage with your PO and GMS early and often to mitigate issues

Thank you! toyin.ajisafe@nih.gov

Read your Notice of Award

Read you Notice of Award (NoA) and make sure you understand all the Terms and Conditions.

- Your award may have been issued with restrictions.
 - Animal research, pending OLAW approval
 - Human Subject Research, pending IRB

Funds cannot be spent on restricted items until information is submitted and approved, and a revised NoA is issued.

- What else is in my NoA:
 - Budget/Project Periods
 - Funding Commitments
 - GMS and Program Official (PO) Contact Information
 - Closeout Information

Payment Management System (PMS)

Accepting your Award

- When you draw down funds from PMS you are accepting your award.
 - To access grant funds, you first must set up a PMS account. This is where you draw down funds. <u>PMS New User Request</u>
 - To check your User Access Request:
 - New User Status: Go to <u>PMS.PSC.GOV</u> → select Request Access → Retrieve Existing Request. Provide the requested information to check the status of your request.
- You will also need to complete a <u>SF-1199A</u> and submit it to the Product Service Center. Instructions on how to complete the form can be found <u>HERE</u>.

More information: Information on how to make a <u>Payment Request</u>.

• <u>PMS Help Desk or Locate your PMS Liaison</u>

Prior Approval Request

- HELP! Something changed, in my project!
 - All requests must be sent in writing (by email) 30 days before proposed change. PIs are not allowed to submit prior approval requests. All request must come from the AOR.
- Examples of Prior Approval (but not limited too)
 - Change in project budget
 - Change in approved animal model
 - Change from a multiple PD/PI to a single PD/PI model
 - Change from a single PD/PI to multiple PD/PI model
 - Change in the level of effort of key personnel listed on NoA
 - Second No Cost Extension

More information

- For additional activities that require prior approval see <u>Grants Policy Statement 8.1.2</u>.
- Some prior approval actions are completed in <u>Prior Approval Module</u>

You've been awarded a SBIR Contract! What's next?

Callie Prassinos

Branch Chief/ Contracting Officer, OA, NIAID, NIH

Overview

- Contract and its clauses
- Contract Obligations/ Limitation
- Roles of the Contracting Officer and Contracting Officer's Representative
- Statement of Work
- Contract Changes
- Key Personnel
- Invoice Submission and Payment
- Reporting Requirements/ Deliverables
- Evaluation of Contractor Performance (CPARS)
- Moving to Phase II and Fast track

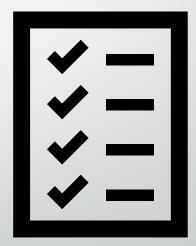

Contract and its clauses

A contract is a legally binding agreement between the two parties, your organization and the government. There will be specific performance requirements in the statement of work and deliverable schedule with details on due dates and expectation for performance.

Usually, contracts are organized by the following sections:

Cover page - Contract #, Contractor's Name, Dates, Signatures

- Section B Prices, Advance Understandings
- Section C SOW, Reporting Requirements, Invention Reporting
- Section D Marking
- Section E –Inspection and Acceptance
- Section F Period of Performance, Deliveries
- Section G Contract Administration
- Section H Special Contract Requirements
- Section I FAR Clauses
- Section J Attachments
- Section K Representations and Instructions

Contract Obligations and Limitations

- The mutual obligations of the Government and the Contractor are established by, and limited to, the written stipulations in the contract document.
- Unless specifically authorized by the Contracting Officer, the Contractor shall not assume any obligations or take any action not specifically required or authorized by the contract.

Roles of the Contracting Officer & Contracting Officer's Representative

CONTRACTING OFFICER'S REPRESENTATIVE (COR)

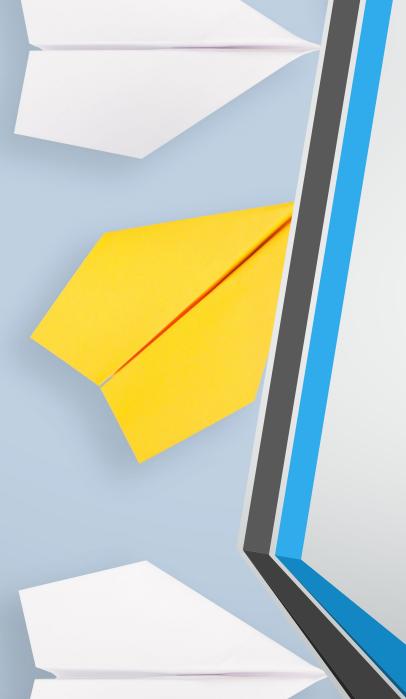

The COR is responsible for:

- Monitoring technical progress
- Recommending changes in requirements to the Contracting Officer (CO). The COR cannot make any changes to the Statement of Work or reporting requirements, only the CO may do this.
- Interpreting technical performance requirements
- Performing required inspection and acceptances
- Assisting in the resolution of technical problems encountered during performance
- The COR may not authorize increases in the negotiated costs.

CONTRACTING OFFICER (CO)

The CO is the only person with the authority to:

- Direct or negotiate any changes to the Statement of Work
- Modify or extend the period of performance
- Change the delivery schedule
- Change the terms and conditions of the contract.

STATEMENT OF WORK

- The Statement of Work defines the work to be performed under the contract and acts as a framework for what costs are covered under the contract.
- The Contractor should be intimately familiar with all details of the Statement of Work.
- Any changes to the Statement of Work must be approved in writing by the Contracting Officer.
- If the Contractor receives a request from the Government to perform a task or activity that will change the Statement of Work, the Contractor must inform the Contracting Officer before beginning work on this task/activity.

- Any changes in the terms or conditions of the Contract, including the Statement of Work, changes in Key Personnel, or delivery schedule must be accomplished by a written modification.
- The contractor should submit their formal requests in writing to the Contracting Officer for review. The Contracting Officer will review the request, obtain recommendation from the COR and provide consent, decline, or request further information from the Contractor.

Key Personnel

- Prior to diverting from the individual identified as Key Personnel under Article G of the contract, the Contractor shall notify the CO in advance of replacing Key Personnel. The request should include sufficient information (CV including qualifications), to authorize replacement and avoid negative impact to the program/contract.
- No diversion shall be made by the Contractor without the written consent of the CO.

Invoice Submission and Payment

- The Government shall make payments, including invoice and contract financing payments, by electronic funds transfer (EFT).
- Payments on fixed price contracts may be made based on the satisfactory completion, receipt, and acceptance of contract deliverables.
- Payments on cost-reimbursement contracts may be made pursuant to receipt of proper invoices of allowable costs incurred which may be submitted no more frequently than on a monthly basis unless otherwise authorized by the Contracting Officer.
- For all contracts, final payment will not be made until all reports and deliverables included in the contract have been delivered and accepted by the Government.

Reporting Requirements/ Deliverable

Satisfactory performance of the final contract shall be deemed to occur upon performance of the work described in the Statement of Work in SECTION C of the contract and upon delivery and acceptance by the Contracting Officer, (and the COR), of items in accordance with the stated delivery schedule found in Article C. Reporting Requirements & Article F. Deliveries

Examples of some deliverables -

Technical Progress Reports

- 🗸 Monthly Progress Report
- ✓ Final Report

Summary of Salient Results (to be submitted with the Final Report)

Other Reports/Deliverables

- ✓ NIH Small Business Innovation Research (SBIR) Program Life Cycle Certification
- Final Invention Statement

Evaluation of Contractor Performance (CPARS)

Article G. Post Award Evaluation Of Contractor Performance

- Interim (annual) and Final Evaluations of Contractor performance will be prepared accordance with FAR Subpart 42.15.
- Evaluation Factors:
 - Technical/ Quality of Product or Service
 - Cost Control
 - Schedule/ Timelines
 - Management / Business Relations
 - Regulatory Compliance
- All evaluations will be provided to the Contractor and will be permitted thirty days to review the document and to submit additional information or a rebutting statement.
- Copies of the evaluations, Contractor responses, and review comments, if any, will be retained, and may be used to support future award decisions.

Moving to Phase II and Fast Track

- Phase I Contractors, that did not get awarded a Fast Track contract, will be informed of the opportunity to apply for Phase II from the Awarding Components after (or close to) the expiration of the Phase I contract.
- Phase I awardees will be provided with the Phase II proposal submission requirements with the details on the due date, content, and submission requirements of the Phase II proposal.
- Only one Phase II award may result from a single Phase I SBIR contract.
- A Fast Track contracts are awards for Phase I with a contractual option for Phase II. The Government is not obligated to fund the Phase II portion unless and until the Awarding Component exercises that option at the end of the Phase I contract option.

Congratulation on your SBIR Contract award!

HHS-OIG Mission

- Ol's mission is to protect the integrity of HHS programs. OI conducts Criminal, Civil, Administrative investigations of fraud, waste, abuse and misconduct.
- Fraud, waste and abuse typically fall into one or more of three general categories:
 - Conflicts of Interest
 - Theft of government funds/Embezzlement
 - Failing to Properly Support the Use of Funds
- Fraud: intentional or deliberate act to deprive another of property or money by deception or other unfair means.
- Waste: practices that, directly or indirectly, result in unnecessary costs, such as overusing services and misusing resources.
- Abuse: Intentional or unintentional, thoughtless or careless expenditure, consumption, mismanagement of government resources; Excessive or improper use of government resources, including position and authority.

Fraud

Fraud Schemes

- False information on grant applications, progress reports, etc.
- Creating fictitious records: fabricated companies and invoices
- Using funds for unauthorized purposes
- Not doing any work
- Kickbacks
- PI outside employment
- Awardee company size misrepresentation

Specific examples of what NOT to do:

- Operate out of your residence (without authority)
- Use grant funds for personal expenses
- Pay others to do ALL of the proposed research
- NOT pay institutions who did do the proposed work but still draw down the grant funds
- Lie to the awarding entity including on your biosketch

Fraud Awareness

Awareness of fraud is important, to safeguard Federal funds.

- Fraudsters utilize SBIR funds that may otherwise be given to legitimate awardees. Compliance with Federal Regulations, establishment of internal controls, and other compliance measures may reduce your risk.
- Use the grant money for what you said it would be used for no more, no less and there won't be a problem.

• Disclosure and communication with HHS Grants Officials is key.

Fraud Consequences

Criminal Prosecution:

18 USC 641 Criminal Embezzlement and Theft of Public Money

- Knowingly converting funds or items to your use without the authority to do so.
- Government must prove it was an intentional act.
- Criminal Penalties Prison, Fines, Restitution

18 USC 1001 False Statements

• Grant application signature and certifications, and in the quarterly financial statements made when drawing down funds.

Civil Prosecution:

31 USC 3729 False Claims

- Knowingly present, or cause to be presented, a false or fraudulent claim or payment or approval.
- Actual knowledge, reckless disregard or deliberate ignorance.
- Government does not need to prove fraudulent intent, preponderance of evidence.
- Triple damages plus penalties between \$5,500 to \$11,000 per offense.

Administrative Action:

- Civil Monetary Penalties
- Exclusion
- Suspension
- Debarment
